Entrepreneurship Studies II

* Answer five questions including question No. 1.

1. Read the following case carefully and answer the questions (i) to (x).

Sihini who has an inborn creative skill, lives in a historical city. She was interested in doing new creations since her childhood. After school education, she followed a course of Batik creations. She was dreaming to start a business of making Batik dresses after visiting an exhibition of Batik creations. As the government gives special incentives for the local Batik industry, Sihini decided to start a business of making Batik dresses with the help of Sithum who has an expertised knowledge of dress making. They expect to sell the Batik dresses produced in the business to the foreigners who come to that area and to the local customers through readymade garment trade centres too. They hope to advertise the details of their products through brochures and internet. Sihini and Sithum have decided to get a bank loan of Rs. 100000 at a rate of 5% annual interest and invest the other financial needs equally.

- Write two sources of emerging a business idea to Sihini.
 - Write two characteristics of entrepreneurship associated with Sihini.
 - State two parties of target group of customers and two promotional strategies mentioned in the above case.
 - Write 'a strength' and 'an opportunity' in Sihini and Sithum's business.
 - State two kinds of business organizations that Sihini and Sithum can start.
- Following are the estimated expenses relevant to the business mentioned in the above case.

Item	Value (Rs.)
Purchasing three machines	90 000
