(2 x 5 = 10)

05. (i) What are the basic control structures used in algorithms?

     ………………………………………………………………………………………
     ………………………………………………………………………………………
     ………………………………………………………………………………………

(2 x 3 = 6)

(ii) Study the flowchart below and put the numbers 1-7 in the order in which the Scratch program should be prepared.

```
Start
  ↓
Get the length of the rectangle
  ↓
Get the width of the rectangle
  ↓
Area = Length x Width
  ↓
Show the area of the rectangle
  ↓
End
```

```
[ ]  say  join  Area  Area  for  2  seconds

[ ]  ask  Width of Rectangle  and wait

[ ]  set  Area  to  length  *  Width

[ ]  when  clicked

[ ]  set  length  to  answer

[ ]  ask  Length of Rectangle  and wait

[ ]  set  Width  to  answer
```

(2 x 7 = 14)

06. (i) Name 2 word processing software.

a. …………………………………………… b. ……………………………………………

(ii) Name three functions that word processing software can perform.

a. ……………………………………………………………………………………………

b. ……………………………………………………………………………………………

c. ……………………………………………………………………………………………

(iii) Which option can be used to perform following tasks in word processing software. Underline the correct answer.
