A Walk in the Rain

The sky turned dark, the clouds came near,
The raindrops fell — I had no fear.
I wore my boots and my red coat,
And saw some ducks begin to float.

I jumped in puddles on the way,
The wind was strong, the trees did sway.
The sky went boom, it made a sound,
The rain kept falling all around.

But still I smiled and walked with cheer,
The sound of rain was nice to hear.
It tapped the roofs and windows too,
And made the world look fresh and new.

The Amazing Owl

The owl is a silent and a mysterious bird. It has large eyes that help it see in the dark. Unlike many birds, the owl is nocturnal, which means it hunts at night. Its feathers are soft, allowing it to fly very quietly. The owl's sharp beak and strong claws help it catch small animals like mice and insects.

Owls can turn their heads almost all the way around without moving their bodies. Most owls live in forests, deserts, and even on farms. Their life span is about 5 to 12 years. Owls are found in many parts of the world, but not in Antarctica.

Mark true (✓) or false (X)

1. The owl is a silent bird. (.....)
2. Owls are active during the day. (.....)
